

US005422127A

United States Patent [19]

Dube et al.

[11] Patent Number: 5,422,127

[45] Date of Patent: Jun. 6, 1995

[54] NUTRITIONAL COMPOSITIONS
CONTAINING VITAMIN D ESTERS

[75] Inventors: David G. Dube, Newburgh; John R. Euber, Evansville; James W. Hansen, Evansville; Andrew C. Mosier, Jr., Evansville, all of Ind.; Joseph L. Napoli, Jr., Amhurst, N.Y.; Gwen G. Richardson, Newburgh, Ind.

[73] Assignee: Bristol-Myers Squibb Company, New York, N.Y.

[21] Appl. No.: 993,997

[22] Filed: Dec. 21, 1992

[51] Int. Cl.⁶ A23L 1/303

[52] U.S. Cl. 426/73

[58] Field of Search 426/673

ABSTRACT

The present invention is directed to nutritional compositions at an acidic to mid pH containing a vitamin D ester, an amino acid source, a carbohydrate source and a certain amount of a lipid source. The compositions have improved vitamin D stability upon storage.
